Charles

Hello everyone! I'm Charles, nice to meet you! I'm from Yorkshire in England, but now I live in Tokyo! I have lived in Japan for just over a year and I want to stay here for a lot longer!

From a young age, I have always loved teaching. So much so, that I even studied primary education at university in England! I have also spent time working with children abroad in America as well as teaching English in Hong Kong!

I love being outdoors and seeing different animals and beautiful landscapes. My other hobbies include watching sports, running, skateboarding, hiking, taking photos and playing video games!

I can't wait to meet all the students at PAP, English Pocket and I'm excited to all learn together!

Thank you, see you soon!
